## WORK EXPERIENCE

### CMS Developer — Peachy Digital

March 2025 – Present

Karachi, Pakistan

- Build and customize WordPress websites end-to-end, focusing on theme customization, ACF, and WooCommerce product/checkout setup.
- Delivered a full LMS website build, configuring courses, layouts, and custom functionality beyond default plugin behavior.
- Work extensively with page builders to design responsive, functional, and visually polished pages.
- Write custom CSS and JavaScript to solve advanced front-end challenges — carousel behavior, hover interactions, responsive scaling — where out-of-the-box tools fall short.
- Exploring Wix Studio and Webflow to expand CMS capabilities beyond WordPress.

### Frontend Developer (Intern) — Digitech Infra Associates

April 2024 – December 2024

Karachi, Pakistan

- Built a strong foundation in front-end development using HTML, CSS, and Bootstrap.
- Began exploring JavaScript fundamentals and took first steps into WordPress and Elementor.
- Learned to build responsive, visually clean websites, laying the groundwork for a CMS development career.

### Shopify Store Manager — Easy Way Agencies

August 2023 – March 2024

Karachi, Pakistan

- Managed day-to-day operations of a live Shopify store, focusing on user experience and sales performance.
- Handled product listing management, inventory tracking, and product page updates for accuracy and appeal.
